Many events on the “Friends and Partners” calendar are described as “Meet-ups”. The term meet-up is used because there is no official affiliation between the land owner/host and Granite State Carriage Assn. Those members wishing to attend, do so like all other non-members. They register/reserve directly with the venue, such as Wildwood Stables in Acadia Nat’l Park, or Reserve America for the Myles Standish State Forest in Carver, MA.

RED Events need to be verified or discussed by the Board of Directors
