

## PemiRiver/Sanbornton Outing Trail Map

### Trail Map

#### Legend

- **Red = LOOP 1** for Drivers and Riders, 5 miles out/back, OR Extended (Riders), 6 miles
  - Drivers would double back on this trail at the Carriage Turnaround at the Old Sanbornton Bridge abutments
- **Green = LOOP 2** for Drivers and Riders, 7.5 miles, almost all dirt

#### Description

**LOOP 1** To Carriage Turnaround and back - approx. 2 hours. Departing from Town Park, take left and continue through the Army Corp of Engineers gate to Shaw Cove. Dirt road, with dryness there are small stones which are used in dirt road paving. Steep road decline into floodplain area of Shaw Cove, then flat the remainder of the trail. Road-wide trail. Steep incline returning from Shaw Cove.

**LOOP 1 Extended** - 3-4 hours. Same as Loop 1, however there is a moderate incline through ATV wide woods trails. Footing is fairly good, some roots in places. Once on Knox Mountain Road, road rocks are present from roadbuilding activities. Knox Mountain Road will also include another incline and decline until it flattens out by my farm, and then is relatively flat if you choose to return to the town park.

**LOOP 2** - 3 – 4 hours at the walk. **LOOP 2** involves very quiet rural back roads, all unpaved with the exception of Morrison Road. Depart from Town Park, cross Shaw Hill road diagonally to the left and turn right to continue on Bennett's Ferry Road, a dirt road. Cross Weeks road at stop sign. Continue on Brook Road, some steep and long inclines, then a long decline all dirt road. Take a left onto Morrison Road, also a dirt road. Bear left at Hale Road, an incline also a dirt road. Follow Hale Road along until it meets up to the other end of newly paved Morrison Road. Take a right onto Morrison road, and follow it to the end where it meets up again with Brook Road, take a right to return the same route – Brook Road, cross Weeks Road to Bennett's Ferry Road and return to Town Park

For the fit horse and rider, feel free to do **LOOP 1 Extended plus LOOP 2** (13.5 mis.) Towards the end of LOOP 1 *Extended*, when you get to the intersection of Brook Road and Bennett's Ferry Road (where the green line meets the red on the map) take a LEFT to continue out instead of right to return to the Town Park. Road-experienced drivers may choose **LOOP 1** only (5 mis), OR **LOOP 1 plus LOOP 2** (13.5 mis. total.)
